### Blog - The Elements of Blogging

**Tourism, Travel, and Blogging** Deepthi Ruth Azariah 2016-11-10 Travel often inspires the creation of narratives about journeys and destinations, more so with the increasing availability of online platforms, applications for smartphones and tablets, and various other social media technologies. This book examines travel blogs and their associated social media as a form of self-presentation that negotiates the tensions between discourses of travel and tourism. As such, it addresses how contemporary travellers use online platforms to communicate their experiences of journeys and destinations, and how the traveller/tourist dichotomy finds expression in these narratives. Addressing the need for more in-depth analysis through a study of blogs, this exploration of networked narratives of an individual's travel experience considers personal motivations, self-promotion, and self-presentation as key factors in the creation of both personal and commercial travel blogs. As this text applies concepts such as self-presentation and heteroglossia, it will be of interest to both students and scholars of tourism, new media, sociology, cultural studies, and discourse studies. **The Huffington Post Complete Guide to Blogging** The editors of the Huffington Post 2008-12-02 The editors of The Huffington Post -- the most linked-to blog on the web -- offer an A-Z guide to all things blog, with information for everyone from the tech-challenged newbie looking to get a handle on this new way of communicating to the experienced blogger looking to break through the clutter of the Internet. **Kiss & Blog** Alyson Noël 2007-05-15 What's the best revenge when your best friend ditches you for the popular crowd? Alyson Noël reveals all in her hot new young adult novel, *Kiss & Blog*. As freshmen at Ocean High last year, Winter and her best friend Sloane thought they could ditch their nerdy past, launching from invisible to cool. But after another miserable year of standing on the sidelines they make a pact to do whatever it takes not to go unnoticed in their sophomore year, promising each other that whoever makes it into the cool group first will bring the other along. One Sloane gets a taste of life on the A-list, she slams that door in Winter's face. Suddenly cast out of her former best friend's life, Winter takes revenge the modern way: by announcing all of Sloane's dirty little secrets on an anonymous blog. Then the blog becomes more popular than she ever dreamed and Winter must decide if her retaliation is really worth the consequences--and if the price for popularity is one she's willing to pay. Once again, Alyson Noël navigates the tricky waters of the high school social scene with the heart and humor her readers have come to love. **Scattered All Over the Earth** Yoko Tawada 2022-03-01 A mind-expanding, cheerfully dystopian new novel by Yoko Tawada, winner of the National Book Award Welcome to the not-too-distant future: Japan, having vanished from the face of the earth, is now remembered as “the land of sushi.” Hiruko, its former citizen and a climate refugee herself, has a job teaching immigrant children in Denmark with her invented language Panska (Pan-Scandinavian): “homemade language, no country to stay in. three countries I experienced. insufficient space in brain. so made new language. homemade language.” As she searches for anyone who can still speak her mother tongue, Hiruko soon makes new friends. Her troupe travels to France, encountering an umami cooking competition; a dead whale; an ultra-nationalist named Breivik; unrequited love; Kazuko robots; red herrings; and uranium; an Andalusian matador. Episodic and mesmerizing scenes flash vividly along, and soon they’re all next off to Stockholm. With its intrepid band of companions, *Scattered All Over the Earth* (the first novel of a trilogy) may bring to mind Alice’s *Adventures in Wonderland* or a surreal *Wind in the Willows*, but really is just another sui generis Yoko Tawada masterwork.

**International Blogging** Adrienne Russell 2009 Bloggers around the world produce material for local, national and international audiences, yet they are developing in ways that are distinct from the U.S. model. Through case studies of blogs written in English, Chinese, Arab, French, Russian, and Hebrew, this book explores the way blogging is being conceptualized in different cultural contexts. The authors move beyond the most highly trafficked sites to shed light on larger developments taking place online, calling into question assumptions that form the foundation of much of what we read on blogging and, by extension, on global amateur or do-it-yourself media. This book suggests a more nuanced approach to understanding how blogospheres serve communication needs, how they exist in relation to one another, where they exist apart as well as where they overlap, and how they interact with other forms of communication in the larger media landscape.
